

ENVIRONMENTAL POLICY STATEMENT

1. General statement

Lynx Precast Ltd is a professional and environmentally conscious organisation which acknowledges the impact that our manufacturing, supply and installation operations may potentially have on the environment. The company's aim is that no lasting environmental damage occurs as a result of its activities.

2. Aims and objectives

Lynx Precast Ltd fully commits to:

- protect the environment, prevent pollution, reduce waste and ensure that, wherever practical, measures are implemented to protect and preserve natural habitats, flora and fauna
- determine compliance obligations and ensure operations are completed in accordance with them
- continually improve its environmental management system to enhance environmental performance
- evaluate fulfilment of the compliance obligations
- implement and maintain an environmental management system that is in compliance with ISO 14001: 2015
- correct non-conformities where they are identified.
- allocate suitable and sufficient resources which enable the company to achieve its environmental aims and objectives
- consider the effects that our operations may have on neighbouring businesses and the local community
- take action to eliminate or reduce, as far as practicable, any potentially adverse environmental impacts
- promote environmental awareness amongst our suppliers, contractors and partners by the implementation of operational procedures
- complete internal audits and implement opportunities for improvement.
- ensure that the Managing Director and management are fully engaged in the management of environmental issues
- ensure effective and expedient incident control, investigation and reporting
- assess and, where practicable to do so, reduce the environmental impact of the company's products and services.

The Managing Director, management and supervisory staff have responsibilities for the implementation of the policy and must ensure that environmental issues are given adequate consideration in the planning and day-to-day supervision of all work. All employees and subcontractors are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as reasonably practicable, is carried out without risk to themselves, others or the environment. This includes co-operating with management on any environment-related matter. The Managing Director has overall responsibility for environmental matters.
